MMRI - Why we are THE Anesthesia billing CHOICE for YOU

WHO WE ARE

Medical Management Resources, Inc. is a privately owned company founded in 1986. The vision behind MMRI was to find time-saving solutions for physicians' revenue cycle needs.

The goal was and still is to deliver high quality business services to the medical community so providers can spend more time with their patients.

MMRI provides our clients with a direct and accurate portrayal of their business and keeps them appraised of any pertinent government regulations and insurance company procedures that could affect their practice.

That's just the way we are.

WHAT OUR CLIENTS SAY

"Fast and effective communication."

"I have gained invaluable in-house expertise in both accounts receivable and general business management."

"One cannot know everything all the time. That's a given, and yet the MMRI crew constantly tried to prove that wrong."

"Great coding reviews and advice."

"Very professional - sets expectations and delivers no surprise pricing, ensures satisfaction."

"MMRI is timely and on top of things ...very aggressive, a well oiled machine. "

"...in a short time our collection rate and our days in accounts receivable both moved into the MGMA best practice range."
